Tips for a successful search

The default setting of the search engine finds titles that contain any of the words you type in. It produces the same results as if you were to type **OR** between your search words. There are other words and symbols which will help you define your searches better.

Use To Search For

or Any of the words

and All of the words

not First word only, not the second

* Words with the same prefix

? Words with the same variations of the missing ? character

Words and/or/not within brackets

() (a specific area of your search or phrase can be contained within brackets)

Example

house or car

house and car

eye not cornea

comput*

result: comput

ree?:

result: reef, ree

house and (ca
